On behalf of Upper Nile University administration and staff. We congratulate the Makol Ariik Development foundation (MADF) for the initiative to establish the foundation in (USA) to assist the Southern Universities in finding scholarships and training opportunities to our junior staff in USA or Europe and Africa.

The Upper Nile University is the young university established during the war period and lack facilities to operate and the challenges are many due to war impact

For this juncture we are looking for ward for empowerment from different circles which can be coordinated through this foundation.

Thanks & best regards,,,,,
